take from your name?*

The inspiration I take from my name is the Qualities Hazrat Khadijah RA had. She had a very caring, compassionate personality and was incredibly intelligent

She gave much needed strength and support to our beloved Nabi ﷺ at very crucial and difficult stages during the early days of prophethood.

She comforted our beloved Nabi ﷺ when He returned home with prophethood and was the first person to accept Islam.

After her demise our beloved Nabi ﷺ would always remember her very fondly and loved her dearly. She is buried in jannatul mualla .
