INSTRUCTIONS FOR YOUR BOOKMARKER TASSEL

1) Firstly, cut one piece of cardboard. Cut the size according to how long you would like your tassel. (one finger length is good)

2) Using a piece of string start wrapping your piece of cardboard like shown in the picture.

3) If you would like to use different colours like we have, then cut the string after wrapping it few times and add the next colour. If not carry on wrapping the same colour.

4) After reaching the desired thickness of your tassel cut the last thread and it should look like the above.

5) Thereafter, Insert a piece of string through the top.

6) Make a loop like the above

7) Tie it tightly and remove the strings off the cardboard.

8) Using a different colour string make a knot around 1cm down from the top.
9) Thereafter, go around the tassel again and again like shown.

10) Snip the top thread and the different colour thread that you wrapped around your tassel

11) Make a loop in the bottom and snip it equally. Thereafter trim the longer edges.

12) Put a string through the top loop and tie it

13) Finally laminate if you wish and holepunch the top of your book marker for your tassel and tie it securely. You are now done! Don't forget to send us pictures of your beautiful book markers!
